Hinsworth Limited

C O R P O R A T E P R O F I L E

Vision

To Become the Leading Nigerian Indigenous EPC (Engineering Procurement and Construction) Company in Nigeria.

Mission

To render Cutting Edge and Cost Effective Solutions to our Clients

ABOUT US

Hinsworth Limited was incorporated in 2020 as a Limited Liability Company that is specialized in the Provision of Services to the Oil and Gas Sector and also contributes to improving the economy of the Nigerian State.

Hinsworth Limited is a corporate construction and engineering firm established with the main objective of evolving properly constituted forum for engineers and allied experts, professionals within the industry to tackle engineering, environmental and allied development problems related with developing countries.

Our Equipment are relevant to the projects we execute, we maintain a regular equipment maintenance schedule. Our equipment are inspected and pre mobbed for any operation we intend to execute before deploying them. We are fully accredited by Nigeria regulatory agencies: Federal Ministry of Environment, Department of Petroleum Resources (DPR) and other relevant government agencies.

OUR SERVICES

CIVIL ENGINEERING & CONSTRUCTION WORKS

Civil Engineering and Construction Works

Hinsworth Limited has many years of experience in the fields of new construction as well as maintenance work on traffic routes and infrastructural facilities. As far as civil engineering is concerned, a multiplicity of separate trades is involved;

ranging from earthwork including demolition and deconstruction of existing facilities, laying subsurface cables for canals, water, gas, electricity and other media, construction of subsurface, earth-covered structures and professional resurfacing.

High-quality asphalt roads of any construction class are built on schedule, reliably and in a cost-effective way. Our own asphalt mixing plant and a number of modern road finishers pose a precondition for the execution of asphalted areas of all sizes. The range varies from small finishers for pavement work to high-capacity asphalt finishers for motorways.

Supply of Motorized Concrete Mixers and Batching Plants

The Capacity of our Batching Plant is 18cm³ per Hour

SUPPLY OF HEAVY DUTY EQUIPMENT

Hinsworth Limited supplies Heavy Duty Equipment used for Construction and other Engineering Works

SPECIALIST WELDING & FABRICATION SERVICES

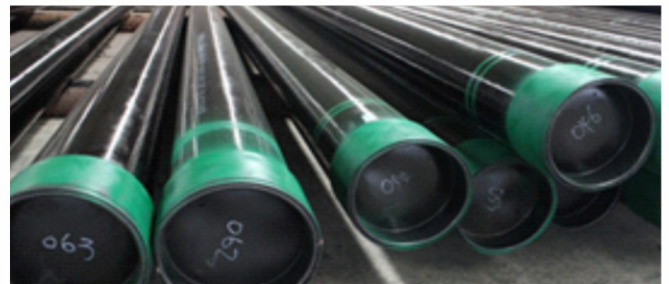

We pride ourselves on our flexible and innovative approach, which allows us to offer a wide range of fabrication, welding services and structural repair solutions in Nigeria.

LINE PIPES & OCTG

We are in partnership with a number of internationally recognized and approved mills producing seamless pipes, structural steel, stainless steel pipes, OCTG and large bore welded pipe in ERW, LSAW, HFI and Spiral DSAW in varying qualities and grades as high as X80.

ENVIRONMENTAL RESTORATION & WASTE MANAGEMENT SERVICES

Hinsworth Limited is officially licensed by the Department of Petroleum Resources (DPR) to carry out Oil Spill Cleanup and Response Services and also Soil Remediation; We are also registered with the National Oil Spill Detection and Response Agency (NOSDRA).

Hinsworth Limited has Compactors and other Waste Management Materials used to Handle Waste Effectively and also treat them according to approved environmental standards.
